2021 Internship Position Opportunities

The [McMinnville WORKS](#) (collegiate) and [Career Bound](#) (recent high school graduate) Internship Programs are nine week career exploration opportunities that run from mid-June to mid-August. Weekly Professional Development Workshops and networking opportunities are offered throughout the summer for candidates and the business community. The length of each internship will vary depending on the needs of the employer and the candidate. This is an opportunity to learn more about a professional field that you are exploring for career potential.

The following is a current list of internships available for applicants for the McMinnville WORKS and Career Bound Programs. Positions are full time (40 hours/week), are paid at least minimum wage, and are with vibrant, local companies.

Deadline to Apply is February 21, 2021:

[McMinnville WORKS \(collegiate\) Application](#)

[Career Bound \(high school\) Application](#)

Buildable

Junior Software Engineer (McMinnville)

Join a dynamic custom software development company based in McMinnville OR as a junior software engineer on the development team.

Preferred [McMinnville WORKS](#) college senior/graduate applicants

Will consider remote work options pending COVID 19 protocols

Cellar Ridge Construction (McMinnville)

Construction Field Crew

Minimum 18 yrs of age, Drivers License Preferred

Join a leader in green building on the job site learning the many facets of the construction world. Engage with hands on skills building and sustainable building technologies in the field of general contracting. Cellar Ridge consistently achieves sustainable and energy efficient certifications by incorporating appropriate sustainable building technologies into its work including water conservation, energy efficiency, environmentally responsible materials, indoor air quality measures, and sustainable design practices.

Will consider [Career Bound](#) candidates for position

Unable to consider remote work option for this position

City of McMinnville - Administration

Special Projects Intern

Minimum 18 yrs of age

This intern will help with general city management elements, strategic plan implementation, records management, as well as engaging with human resources on diversity, equity and inclusion programming. The intern will also have the opportunity to engage with all City departments and with elected officials.

*Will consider both **Career Bound** and **McMinnville WORKS** candidates for position*

Will consider remote work options pending COVID 19 protocols at the time of the internship

City of McMinnville - Engineering Department

Civil Engineering Intern

Valid Driver's License

This intern will perform entry-level technical engineering work, and will have the opportunity to learn information gathering and asset condition assessment techniques using GPS data collectors in the field and working with the City GIS system. You will also assist with City capital improvement projects and develop skills interpreting project construction plans, as-builts and other engineering products. You will assist on other engineering projects as needed.

*Will consider **McMinnville WORKS** (collegiate) candidates only*

Will consider remote work options pending COVID 19 protocols at the time of the internship

City of McMinnville - Wastewater Services (2 positions)

Laboratory Technician Intern

Minimum 16 yrs of age and valid drivers license

This intern will assist the laboratory technician in monitoring influent and effluent water quality. The laboratory is responsible for providing reliable, unbiased, legally defensible data to ensure the WRF is in compliance with the EPA Clean Water Act of 1972 and the State of Oregon DEQ regulations. In addition to routine tasks, this intern will work to improve a section of the Quality Assurance plan for the Lab. This plan demonstrates that the methods used, and the quality control systems in place, will consistently generate high quality data.

*Will consider both **Career Bound** and **McMinnville WORKS** candidates for position*

Unable to consider remote work option for this position

Operations Maintenance Intern

Minimum 18 yrs of age and valid drivers license

This intern will support operations at the Wastewater Services facility through hands-on outdoor activities such as: landscaping, mowing, weed eating, spreading bark dust. There would be some time spent with operations getting to see the processes at a wastewater treatment facility. Helping with cleaning, observing sampling and processing tests.

*Will consider both **Career Bound** and **McMinnville WORKS** candidates for position*

Unable to consider remote work option for this position

Evergreen Aviation and Space Museum (McMinnville)**Marketing/Social Media**

This intern will support the museum's mission to inspire and educate, promote and preserve aviation and space history and to honor the patriotic service of our veterans through social media marketing endeavors.

*Will consider **McMinnville WORKS** (collegiate) candidates for position*

Will consider remote work options pending COVID 19 protocols at the time of the internship
