

## **Job Title: SolidWorks Intern**

**Location:** McMinnville, Oregon

**Job Type:** Internship (Part-time)

**Duration:** 3 months, Summer Internship

**Department:** Engineering / Product Design

**Hourly Wage:** \$15.05 – \$19.50

---

### **About the Role:**

We are seeking a motivated and detail-oriented **SolidWorks Intern** to join our engineering team. This is an excellent opportunity for students or recent graduates in mechanical engineering, industrial design, or a related field to gain hands-on experience with 3D modeling, CAD drafting, and real-world product development using SolidWorks.

---

### **Key Responsibilities:**

- Update and revise CAD files based on design changes or feedback.
- Assist in creating 3D models, assemblies, and detailed engineering drawings using SolidWorks.
- Support ongoing design and development projects under the guidance of senior engineers.
- Organize and manage CAD documentation in accordance with company standards.
- Help with prototyping and testing of mechanical parts and systems.

---

### **Qualifications:**

- Pursuing or recently completed a degree in Mechanical Engineering, Industrial Design, or a related field.
- Intermediate proficiency with SolidWorks (school or project experience acceptable).
- Strong attention to detail and a willingness to learn.
- Understanding of mechanical design principles and engineering drawing standards.
- Good communication skills and ability to work in a team environment.

**[Phenix Solutions](#)**

---

## What You Will Gain:

- Practical experience working on real-world engineering projects.
  - Mentorship from experienced engineers.
  - A strong addition to your engineering portfolio.
  - Potential for future full-time opportunities.
- 

Let me know if you'd like to tailor this for a specific industry (e.g., automotive, aerospace, consumer products) or educational level.

## **Job Title: Graphic Artist Intern**

**Location:** McMinnville or Remote

**Job Type:** Internship (Part-time)

**Hourly Wage:** \$15.05 to 19.50

**Duration:** 3 months, Summer Internship

**Department:** Sales

---

### **About the Role:**

We are looking for a creative and enthusiastic **Graphic Artist Intern** to join our design team. This internship is a great opportunity for aspiring graphic designers and visual artists to gain real-world experience in a fast-paced, collaborative environment. You'll work on a variety of design projects that support our branding, marketing, and digital content initiatives. Update website for current advancements.

---

### **Key Responsibilities:**

- Assist in the creation of visual assets for digital and print, including social media posts, website, presentations, packaging, and marketing materials.
  - Support the design team with concept development, layout design, and revisions.
  - Maintain brand consistency across all design projects.
  - Help update and organize the company's digital asset library.
  - Participate in team meetings and brainstorm sessions.
  - Edit images, create mockups, and assist with photo retouching as needed.
  - Take feedback constructively and iterate on designs accordingly.
- 

### **Qualifications:**

- Pursuing or recently completed a degree in Graphic Design, Visual Arts, Multimedia, or a related field.
- Proficiency in Adobe Creative Suite (Illustrator, Photoshop, InDesign; Premiere Pro or After Effects is a plus).
- A strong design portfolio showcasing creativity, layout skills, and attention to detail.
- Understanding of design principles including color theory, typography, and composition.

**[Phenix Solutions](#)**

- Ability to manage time effectively and meet deadlines.
  - Strong communication and collaboration skills.
- 

### **Preferred Skills (Optional):**

- Intermediate animation or motion graphics experience.
  - Familiarity with Canva, Figma, PowerPoint, and other design tools.
  - Knowledge of branding and user experience design.
  - Photography or illustration skills.
- 

### **What You Will Gain:**

- Hands-on experience with real-world design projects.
- Mentorship and feedback from experienced creatives.
- A polished portfolio for future job opportunities.
- A chance to contribute creatively to impactful campaigns and visual storytelling.

## **Job Title: Quality Inspector Intern**

**Location:** McMinnville, Oregon]

**Job Type:** Internship (Part-time)

**Hourly Wage:** \$15.05 - \$19.50

**Duration:** 3 month Internship]

**Department:** Quality Assurance / Manufacturing / Operations

---

### **About the Role:**

We are seeking a detail-oriented and motivated **Quality Inspector Intern** to join our Quality Assurance team. This internship offers hands-on experience with quality control processes, inspection tools, and production standards in the aviation industry. The ideal candidate will have an interest in quality management and manufacturing processes and a commitment to learning and accuracy. Intern will participate in the documentation and creation of AS9100 policies & Procedures.

---

### **Key Responsibilities:**

- Assist in inspecting incoming materials, in-process components, and finished products for conformance to specifications.
  - Perform measurements using calipers, micrometers, gauges, and other inspection tools.
  - Document inspection results and report any non-conformances to the quality team.
  - Support in maintaining inspection records and quality documentation.
  - Participate in root cause analysis and corrective action processes.
  - Help with calibration and maintenance of quality equipment.
  - Observe and learn about ISO, GMP, or other quality standards applicable to the company.
- 

### **Qualifications:**

- Currently pursuing or recently completed a degree in Quality Inspection, Mechanical Engineering, Industrial Engineering, Manufacturing Technology, or a related field.
- Strong attention to detail and a methodical approach to tasks.
- Basic understanding of quality control concepts and measurement techniques.

**[Phenix Solutions](#)**

- Familiarity with inspection tools and basic mechanical drawings (training will be provided).
  - Good verbal and written communication skills.
  - Ability to follow instructions, work independently, and meet deadlines.
  - Highly principled with strong character to stand for truth to power ensuring quality of products
- 

### **Preferred Skills (Optional):**

- Knowledge of ISO 9001, Six Sigma, or other quality systems.
  - Experience reading and adhering to technical drawings and tolerances.
  - Exposure to manufacturing environments.
- 

### **What You Will Gain:**

- Practical experience in quality inspection and control procedures in the aviation industry.
- Exposure to aviation industry-standard quality practices.
- Mentorship from experienced quality professionals.
- A valuable addition to your resume for careers in manufacturing and quality engineering.
- Please submit a cover letter and resume to:
